Announcement Number: Technician #04-031/AGR #04-137

Position: Production Controller, GS-1152-09 PD # 50016000

Brief Description of Duties: Implements preliminary (advance) maintenance plans for assigned weapon systems and schedules immediate maintenance for transient aircraft. Maintains visual aids depicting status of maintenance actions in progress, specialist availability and status of aerospace vehicles, aerospace ground equipment (AGE), training equipment, transportation and tow vehicles, munitions loads, arming of guns and transportation of tow vehicles, munitions loads, arming of guns and ammunitions and location of aircraft and dispatch AGE. Coordinates with Material Control on mission capable (MICAP) and non-mission capable status (NMCS) of parts, adjustment in-shop work priorities, and verification of urgency of need designators. Coordinates with Quality Assurance on functional check flight (FCF) requirements, Air Operations on flying schedule, other maintenance shops for coordination of repair work and with other functional areas as required. Request necessary support services such as fire fighting activity standby, fuel and de-fuel and civil engineer support. Controls the maintenance communication and transportation systems to provide the effective transmission of information and movement of material and maintenance personnel. Develops and maintains current procedural check sheets for use during actions such as mass loads, combat turn-arounds, broken arrow (Nuclear Emergency), emergency war orders (EWO) notification. Makes required inputs to the automated data systems and retrieves data and/or computer-generated products as required. Conducts training of assigned military personnel. Performs other duties as assigned.

Qualifications: GS-09

General Experience:

Experience, education, or training which indicates the candidate can reason in quantitative terms, can express himself or herself orally and in writing, and understands the terminology and data pertaining to the repair operations and processes characteristics of the production activity.

Specialized Experience:

Must demonstrate **eighteen (18) months'** experience in which the following Knowledge, Skills, and Abilities (KSA's) as described below have been attained.

Knowledge, Skills and Abilities (KSA's) Statements

- A. Ability to communicate both orally and in writing.
- B. Ability to exercise initiative in taking timely action to schedule and obtain required materials.
- C. Knowledge of the organization and work procedures of the production activity.
- D. Ability to exercise considerable initiative in taking prompt and decisive action to prevent or alleviate delays due to conflict in scheduling, lack of materials, or faulty work processes.

**Current Unit assignment, AFSC/SSI and Military grade must be included on application.
Incomplete applications will not be considered for employment.**
